Online Studies: AA in Bible (Biblical Literature Emphasis)

0 graduates in this program this year

Objectives	Assessment Criteria & Procedures	Assessment Results 2020-2021	Use of Results Planned for 2021-2022
1. To demonstrate a working knowledge of the Bible, its persons, places and events, its history, political and social background, and geography.	When the BI 1110 Old Testament Survey, BI 1130 New Testament Survey, BI 2220 Gospels and BI 22330 Pentateuch are completed, 80% of program graduates will have scored a C or higher on comprehensive learning activities.	No students graduated from this program this year.	We will continue using the current assessment.
2. To demonstrate a working knowledge of the great doctrines of the Bible, the great systems of doctrine, particularly the Wesleyan-Arminian system, and the field of biblical theology.	When TH 2210 Theology of Holiness and TH 1110 Foundations of Faith are completed, 80% of program graduates will have scored a C or higher on comprehensive learning activities.		We will continue using the current assessment.
3. To become acquainted with the philosophy, the religious ideas, and the problems of the contemporary world in the context of ministry; to integrate all truth with the Word of God and to develop a true Christian worldview.	When PHI 2710 Philosophical Studies and CS 1120 Christian Service Class are completed, 80% of program graduates will have scored a or higher on comprehensive learning activities.		We will continue using the current assessment.
4. To demonstrate basic knowledge of general education that can be used in areas of life and study.	When ENC 1101 English Composition, ENC 1134 Rhetoric & Research, PSY 2015 General Psychology, and PSC 1320 Public Speaking are completed, 80% of program graduates will have scored a C or higher on comprehensive learning activities.		We will continue using the current assessment.

<p>5. The student will be able to analyze a passage of scripture from an exegetical viewpoint and organize the truth homiletically, aptly using illustration, definition and parallel passages to make truth clear. The student should be able to deliver a sermon with poise, clarity of thought and spiritual anointing.</p>	<p>In classes of Hermeneutics, Homiletics, and Expository Preaching students will earn 86% as an average grade for these courses.</p>		<p>.Consider re-writing the assessment for this objective.</p>
<p>6. The student will familiarize himself with the history, theology and methods of evangelism and missions. The student should be able to do the work of an evangelist, present the gospel to one person in personal witnessing, teach the Bible in a small group situation, organize efforts for saturation evangelism of a community, develop a valid and active missionary program for the local church and demonstrate the ability to preach evangelistically from the pulpit.</p>	<p>In the class Church Planting and Evangelism 70% of the students will have a working knowledge of the history, theology, and methods of evangelism and missions.</p>		<p>Consider re-writing the assessment for this objective.</p>

2 graduates this year

Objectives	Assessment Criteria & Procedures	Assessment Results 2020-2021	Use of Results Planned for 2021-2022
1. The student will demonstrate Spirit led growth in his spiritual, intellectual, and social life.	When observed teaching, learning, or living, 80% of students will demonstrate an increasingly Spirit- filled life in both word and deed actions and reactions during enrollment in Teaching Practicum I-IV 100% of the time while enrolled.	While we did not observe first-hand, based on reports and reflections papers, these students met these criteria.	Unless there are changes in the on-campus program, we will continue to use this criterion.
2. The student will be able to explain the biblical and philosophical basis for Christian vocation.	Through written work in Philosophical Studies , 90% of students will articulately explain their biblical and philosophical basis for choosing Christian education as a career goal with an average of 85% or higher in the biblical and philosophical course content.	The 2 graduates met these criteria.	Unless there are changes in the on-campus program, we will continue to use this criterion.
3. The student will portray a true Christian worldview while seeking to integrate all truth with the Word of God.	Through their thesis work for the education department's graduate portfolio requirement, 100% of the students will thoroughly portray their Christian worldview and their ability to integrate biblical truth in each content area 90% of the time.	The 2 graduates met these criteria.	Unless there are changes in the on-campus program, we will continue to use this criterion.
4. The student will acquire teaching skills through methods courses, practicum experiences, and student teaching.	Through lesson planning and implementation assignments in the teaching methods courses , the students will demonstrate 90% of the necessary skill required as observed in portfolio entries.	The 2 graduates met these criteria.	Unless there are changes in the on-campus program, we will continue to use this criterion.

<p>5. The student will possess a framework of professional attitudes, skills, knowledge, and understanding necessary to serve in the ministry of Christian teaching.</p>	<p>Through collective demonstrations during Assistant Teaching III and IV, and Student Teaching, the teacher candidates will exhibit professional understanding of Christian attitudes, professional skills, and content knowledge with an average of 95% on daily, mid-term and final evaluations.</p>	<p>The 2 graduates met these criteria.</p>	<p>Unless there are changes in the on-campus program, we will continue to use this criterion.</p>
<p>6. The student will apply teaching methods with respect to grade level (age) characteristics within a Christian school atmosphere.</p>	<p>During student teaching demonstration, the student will apply correct teaching methods according to the competency listing of the FL DOE in a minimum of three content areas appropriate to the targeted grade level 90% of the time while enrolled.</p>	<p>The 2 graduates met these criteria.</p>	<p>Unless there are changes in the on-campus program, we will continue to use this criterion.</p>
